Personal Statement

Junior Software Developer (Northcoders graduate) with hands-on full-stack experience building React front ends and Node/Express REST APIs with PostgreSQL. Strong foundation in clean code, TDD (Jest/Supertest) and Agile/Scrum collaboration.

Career switcher with excellent attention to detail, seeking an entry-level software development role.

Technical Skills

- **Languages:** JavaScript(ES6+)
- **Front-end:** HTML5, CSS, React, DOM manipulation, responsive design, Figma
- **Back-end:** Node.js, Express.js, SQL, RESTful APIs
- **Databases:** PostgreSQL, MongoDB
- **Testing:** Test Driven Development (TDD), Jest, Supertest
- **Deployment & Tools:** Git, GitHub, Netlify, Render, Neon, Supabase
- **Soft Skills:** Pair programming, Agile & Scrum methodologies, Figma

Experience:

Trainee Software Developer / Northcoders / March 2025 - July 2025

- Completed a full-time, intensive software development bootcamp, focused on industry-standard practices and real-world projects.
- Built full-stack applications using React, Node.js, and PostgreSQL, applying TDD and Agile practices.

Project: NC News (Full-stack web app) | React, Axios, Node.js, Express, PostgreSQL, GitHub, Render, Netlify

- **Description:** • Full-stack news platform allowing users to browse articles by topic and view detailed content.
- Designed and implemented RESTful APIs with **Node.js, Express, and PostgreSQL** to handle articles, users, and comments.
- Deployed front end to Netlify and back end to Render; PostgreSQL hosted on Neon.
- **GitHub (front-end):** <https://github.com/Lilly-ane/NC-news>
- **GitHub (back-end):** <https://github.com/Lilly-ane/News-BE>

Full-Stack JavaScript Developer Bootcamp/School of Code/ Nov. 2021 - March 2022

- Built full-stack web applications using HTML, CSS, JavaScript, Node.js, Express, and PostgreSQL
- Designed RESTful APIs and integrated databases for real-world projects
- Collaborated through daily stand-ups, code reviews, and team sprints
- Deployed applications to live environments

Junior Accountant / EBCO Electric Bikes / May 2017 - November 2021

- Managing Accounts Payable (AP): processing invoices, ensuring timely payments to suppliers.
- Preparing month-end closing procedures: preparing journals, accruals, and prepayments.
- Reconciling bank statements and accounts, preparing VAT returns
- Processing employee expenses and fixed asset registers.
- Advanced Excel skills; Sage accounting software.

Bookkeeper / Access Engineering Supplies, UK / December 2015 – April 2017

- Recording income, expenses, sales, and purchases accurately.
- Processing invoices, tracking payments, and following up on overdue balances.
- Processing employee wages and deductions.
- Reconciling Bank Statements and Accounts.

Junior Accountant / Vega Cont Consult SRL, Romania / July 2013 – June 2015

- Handling day-to-day financial entries (invoices, payments, receipts), maintaining accurate and organized financial records.
- Preparing month-end close/year-end close and basic financial reporting.
- Bank Reconciliation.
- Tax Preparation.

Education

- **Certificate Software Development Bootcamp in JavaScript, Northcoders, UK**
- **Full-Stack JavaScript Developer, School of Code, Birmingham, UK.**
- **Bachelor Degree in Finance and Accounting / Christian University, Romania / 2009-2012**
- **Bachelor's Degree in Geography / University of Bucharest, Romania / 2004-2008**

Languages
